Stethoscope Covers—designed to fit over the tube in order to protect against latex allergies, extend the life of stethoscope tubing, and make personalizing your wardrobe a delight. Simply remove the bell from your single-tube stethoscope, place the large end of the cover on first, scrunch up, and replace the bell. **\$7.00**

Each cover is made by hand out of machine washable cotton material.

The approximate dimensions are as follows:

Large End - 3.5 inches in diameter. Small End - 2 inches in diameter.
